⊟ TECHNICAL SKILLS

Technologies	**Nextjs**, **React-Native**, **React**, **Javascript**, **Typescript**, **NodeJs**, Tailwind, CSS, GraphQL, Astro
Databases	**MariaDB**,Sqlite3
Development Tools	ChatGPT, Git, Docker, Jira
Design Tools	**Affinity Designer**, **Affinity Photo**, **Adobe XD**, **Figma**
Operating Systems	**Mac OS X**, Windows, Linux

💼 WORK EXPERIENCE

2021 — Application Developer, Evenica, BURLINGTON-ONTARIO

> Worked full-stack on three different web applications
> Developed GUI features utilizing Typescript React
> Built API's with GraphQL and integrated changes to the front-end with Apollo Client
> Worked cooperatively with internal and client developers to meet use case scenarios
> Lead developer of a small enterprise web application

`React` `Node` `Typescript` `GraphQL` `Problem Solving` `Building Relations` `Teamwork Skills` `Efficient Coding Practice`

2022 - 2023 — Full-stack Developer, Clear Com Media, WINDSOR-ONTARIO

> Demonstrated versatility by contributing to the development of both mobile and web applications.
> Pushed for industry standard development practices to ensuring precise estimation of project completion.
> Collaborated with developers, designers, and project management teams to fulfill project requirements.

`Nextjs` `React Native` `Expo` `Node` `REST` `Figma Screen` `Project Planning` `Development Operations`

🎓 EDUCATION

2015 - 2019 — Bachelor's of Computer Science, UNIVERSITY OF WINDSOR

> Studied fundamentals of data structures and algorithms
> Object-Oriented programming using Java and C++
> Website development using Javascript and HTML
> Mobile App Development using Android Studio

🖥 LATEST PROJECTS

GO-GIVEAWAYS   2023
 www.gogiveaways.com

Developed a giveaway application enabling free user participation. Utilized React Native for mobile implementation and leveraged the Expo framework for streamlined development builds and production updates.

`NextJs` `React Natve` `Expo` `Tailwind` `NestJS` `AWS` `Jira` `Figma`

SPOTIFY-REDESIGN   2022
 Spotify-Redesign   github.com/JamesTLopez/Spotify-Redesign

A simple Spotify Redesign using NextJs and Spotify's API for base functionality. Has three different themes, utilizing Styled Components for styling and responsive for browser users.

`Javascript` `Styled-Components` `React` `Visual Studio Code` `Figma`

MAJIQUE   2022
 JamesTheoLopez/Behance/Majique   github.com/JamesTLopez/Majique-frontend

A fashion e-commerce application created using React and NodeJs Typescript in the backend with the goal of elegant design. UI/UX design with Figma, Affinity Designer and Affinity Photo for asset creation.

`Typescript` `SCSS` `React` `Express` `PostgresSQL` `Node` `Visual Studio Code` `Figma`

PRS GUITARS B2B E-COMMERCE SOLUTION   2021

Contributed to the development of PRS Guitars' B2B e-commerce solution for retailing guitar products. Proactively addressed multiple bugs, while maintaining efficient collaboration with remote team members for project execution.

`Typescript` `React` `HTML` `SCSS` `GraphQL` `PostgresSQL` `Visual Studio Code` `Figma`
